

HELIUS MEDIACLASSROOM

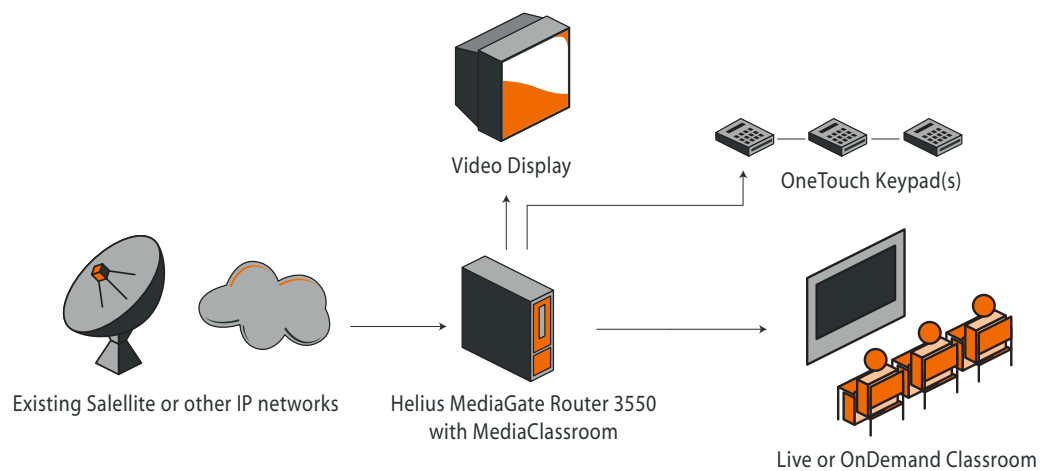

HELIUS MEDIACLASSROOM OVERVIEW

The Helius MediaClassroom Live & OnDemand is a fully integrated version of OneTouch technologies. This product brings together the power of the Helius MediaGate platform with a fully interactive live and on-demand training system from OneTouch.

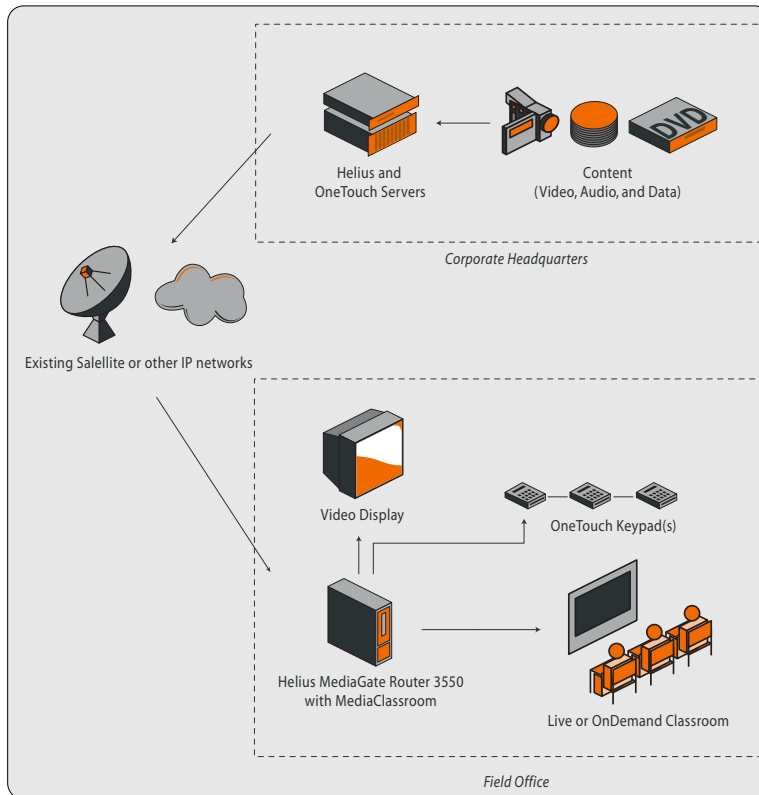

Users of OneTouch training solutions benefit from this innovative approach to training and learning. Using these technologies with the Helisu MediaGate Router 3550 you can collapse several pieces of technology into a seamless, fully digital IP platform. Utilizing OneTouch touchpad technology users are provided full access to their instructors and materials whether they are consumed live or replayed as required by the participants.

HELIUS
MEDIACLASSROOM

> CUSTOMER REQUIREMENT

Organizations needing to setup and interactive distance learning solution need power and flexibility. Utilizing an exiting network or capable of establishing a network for this IDL solution is needed. Many organizations find the need to record classroom training sessions so that these classes can be offered multiple times. Full functionality of a classroom is still needed for recorded or OnDemand classrooms, as well as with live classroom sessions.

> HELIUS SOLUTION

The Helius MediaClassroom provides a full interactive distance learning solution. With the power of OneTouch and Helius grouped together, Live or OnDemand classrooms can be implemented within an organization utilizing an existing satellite or terrestrial network.
